Commissioner for Patents

Sir:

After paying the issuance fee, Withdrawal From Issue under 37 CFR 1.313 dated July 14, 2005 has been sent, and then, Office Action dated July 19, 2005 has been sent.

In the Action, claims 17-20, 22-23, 25-30 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-16 of U.S. Patent No. 6,624,010 in view of Cabral, Jr. et al. Since Applicant files Terminal Disclaimer attached hereto disclaiming the terminal part of the statutory term with U.S. Patent No. 6,624,010, the rejection would be no longer applicable.

In view of the foregoing, the application is deemed to be in condition for allowance again and such is earnestly solicited. Should any fee be further needed, please charge it to our Account No. 50-0945 and notify us accordingly.

Respectfully submitted,
